SELLER'S REPRESENTATIONS:

- As of the date of this agreement, the dog is in good health.
- The buyer will personally inspect the dog, and dog must be examined by a licensed veterinarian within 3 working days from the receipt of the dog. Any claims must be made within this time period and will be verified by SFKs own veterinarian.
- Buyer may return puppy (IN GOOD CONDITION) to Seller for a full refund for any reason within 72 hours of receipt, providing Buyer agrees to pay all transportation costs to SFK.
- Pup is guaranteed against any genetic DISABLEING disease detected within 26 months of age. SFK must be notified immediately and provided with a licensed veterinarian's report. SFK may require buyer to obtain a second opinion from different vet clinic.
- Dog must carry Schlossfelsen kennel name.
- SFK must be notified and given first right of refusal if dog is ever sold or placed.
- SFK is not responsible for any actions the dog may take after buyer takes possession of dog.
- Dog is never to be bred, SFK retains breeding rights, Dog must be spayed/neutered by 18 mo of age!!

HIP/ELBOW GUARANTEE:

- Must be x-rayed and submitted to OFA for evaluation after 12-26 months of age. If OFA rating is not acceptable (Moderate or Severe HD, or ED), SFK will require a second set of xrays sent to OFA at 24 months of age.
- The SFK will require a copy of the x-rays. Its a good idea to take photo of film xrays prior to sending to OFA.
- The dog has not been abused or involved in any type of accident where bones are broken or bruised.
- The dog has been properly nourished (HIGH QUALITY FOOD 4-5 star rating) <http://www.dogfoodadvisor.com/dog-food-reviews/brand/> and properly exercised (No jumping in/out of trucks, bouncing balls, frisbees, or jogging etc before 1 yr of age).
- Dog has not been bred.
- The dog must be kept at a proper weight, SFK may request photos or vet statements for proof of weight.
- SFK has been provided with a veterinarian report of medical history, OFA report, and x-rays.
- Due to the large size to which our dogs grow and, the variety and quality of available dog foods, we require that ALL of our dogs be kept on: NuVet Labs nutritional supplement, "NuVet Plus Canine" until 2 yrs of age. This supplement is very important for immune system. This supplement can be ordered from NuVet Labs at 1-800-474-7044 using order code #79837 or <http://www.nuvet.com/79837>.
 - Failure to keep your pet on this supplement will render all guarantees null and void. (PLEASE INITIAL)

DOG IS SOLD AS COMPANION ONLY: If dog receives OFA rating of moderate, or severe HD (Mild HD is acceptable for companion), or any crippling genetic disease detected, an option of a replace pup will be given. Spay/Neuter required, and AKC papers must be returned to kennel with the correct transfer signatures. Minor faults (umbilical hernia, ear not erect, un-descended testicle, etc) not included.

NO CASH REFUNDS GIVEN**RECOMMENDATIONS:**

- A Good Glucosamine Supplement which feeds the cartilage of the joint. We Highly recommend NuJoint DS.
- We recommend a vitamin C supplement (Ester C) to help with joint development.
- Salmon Oil daily benefits heart, joint, vision, and immune functions. We use Grizzly Salmon Oil and recommend it for the pup.
- Puppy is started on Nutri Source Large Breed Puppy, We recommend pup to stay on this food, or at least a no grain high quality food.
- Due to the reports of Modified Live Vaccine damaging the immune system, subsequently causing autoimmune disorders; vaccine schedules have been altered in our kennel to the puppy series and a vaccination at 1 yrs of age. Then the dog is done for life. Please titer your dog before giving any vaccinations after the one year shot.
- There is new research suggesting the hormones play a large role in the development of hips, immune system, and development of dogs. We now recommend spay/neuter at a minimum of 1 yr, 18 mo of age is better, BUT NOT AT THE RISK OF AN ACCIDENTAL LITTER.

LIMITATION OF CONTRACT
